REGISTERED **GasEngineer** THE ONLY OFFICIAL INDUSTRY PUBLICATION

Media information 2027

Required reading
Registered Gas Engineer is the industry's biggest, must-read title. We're Gas Safe Register's magazine, for every registered business in the UK.

Packed full of essential technical articles, in-depth features, analysis, upates and focus areas across the gas industry, it's required reading.

Since 2009, we've helped gas engineers understand how legislative and industry changes and updates affect them and their work. And how to put that into practice.

Our inclusive coverage of low-carbon technologies ensures gas engineers have all the information and support they need in a changing heating landscape.

Essential. Accurate. Gas Safe.
